EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joshua Liu on 03/07/2007.

The application has been amended as follows:

Art Unit: 2137

34. (Currently Amended) The wireless communication device of claim 28, wherein the storage of the decrypted content ~~in a non-volatile storage medium~~ is prohibited.

Art Unit: 2137

Allowable Subject Matter

1. Claims 28-34 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant's arguments are persuasive, specifically that the prior art does not monitor the usage of content and purge a key-share based on the exceeded usage of said content.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Eskicioglu teaches a system for using key-shares in a conditional access system to protect content.
